EXPLORE BRISTOL

Park Street

Discover a diverse food, drink and shopping scene along Park Street, offering everything from Asian and Italian cuisine to award-winning cocktails and shops to suit everyone.

Harbourside

The city's lively harbourside has something for everyone, including an abundance of museums, family attractions, bars and restaurants.

Old City

Wander along the cobbles of the old city. With so many great eating and drinking options, it's a fantastic way to support your local businesses whilst exploring Bristol through light.

Castle Park

Castle Park is nestled between Bristol Shopping Quarter and the floating harbour.

Redcliffe and Temple

Follow Castle Park's bendy bridge and you'll find the charming areas of Redcliffe and Temple, full of unique bars and eateries.

Quakers Friars in Cabot Circus

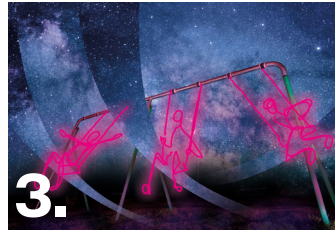

You'll be surrounded by a diverse range of sleek designer stores and well-loved restaurants that make up the more than 130 shops and restaurants in the Cabot Circus complex.

1. CHIRP & DRIFT, KATHY HINDE
A light and sound sculpture featuring a 'flock' of illuminated instruments shaped like birds that chatter in morse code messages. Gentle tones and harmonies are made by accordion reeds hidden within each bird in this magical installation.

2. NEIGHBOURS, VARIOUS ARTISTS
Find out what's happening in the other windows surrounding Banksy's famous artwork "Well Hung Lover" on Park Street in our very special second edition of Neighbours. Featuring Parys Gardner, Abby Bayliss & Jasmine Thompson.

3. SWING SONG, TIRED INDUSTRIES
College Green becomes a playground with six swings which light up and play music in sync to your swings. Fly high for a crescendo, or go low for more ambient vibes. A collaboration between Jon Panniers, Tim Harrison & Owen Davis.

4. DISCO BALL, BRISTOL LIGHT FESTIVAL
Follow the call of the Disco Ball - A giant disco ball has appeared on Millennium Square bringing with it a ton of glitter, sparkles and disco dance beats. Come along and bring your best disco moves.

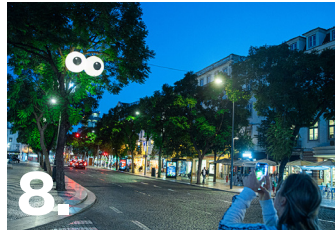

5. END OVER END, STUDIO VERTIGO
A giant slinky lights up Cascade Steps. Each coil of the oversized spring is illuminated in turn to create the familiar flowing form of a slinky tumbling end-over-end.

6. SIGN NIGHT - HAND SHIPS SAIL, CATHY MAGER
Two deaf women separated by lockdown unite through sign language in a poetic projection, originally commissioned as a short film for the BBC, newly adapted for Bristol Light Festival.

7. CIRCLE OF LIGHT, TOY STUDIO
Bathe in a rainbow of colours in Queen Square and walk through each colour to see the city in a different light. This installation is beautiful both day and night.

8. THE EYES, DESIGNS IN AIR
The trees have been watching us and the city evolve for years, what do you think they have seen?

9. OVERHEARD IN BRISTOL, BRISTOL LIGHT FESTIVAL
Overheard in Bristol is back this year and the public has chosen the great Bristolian phrase "Alright my luvver". Visit 2020's "Cheers Drive", permanently installed at Bristol Bus & Coach Station.

10. CASCADE, SQUIDSOUP
An exuberant fountain of energy, light and sound, flowing from Left Handed Giant and rushing into the water below.

11. LUMINOUS BIRDS, KATHY HINDE
An animated flock of origami-style birds will fly overhead in Temple Gardens. As night falls, synchronised sequences of music and light create the effect of the birds flying overhead.

12. OFFICE PARTY, PARKER HEYL & MICHAEL WAGNER
Exploring the playful idea that our workspaces may come to life in our absence, Office Party is a kinetic installation bringing unexpected liveliness to the windows of Cheese Lane Shot Tower.

13. FUTURES, LUCID CREATES
The installation uses the optical illusions created by light, sound and mirrors. It features an ambient soundscape by Canadian artists "Exist Strategy".

14. EXPONENTIAL, LUCID CREATES
Exponential is a seemingly-floating, kaleidoscopic mirrored cube, encased in endlessly moving patterns of light, accompanied by an ambient soundtrack.

i INFORMATION HUT COLLEGE GREEN

If you'd like any help navigating the festival or top tips about what else you can explore while you are in the city centre, pop by the Information Hut on College Green. Volunteer stewards who are happy to help will be positioned at the Hut and at every installation.
